Opening an admission process will depend on the availability of vacancies. As the number of vacancies can vary, updated information on vacancies will be published, if necessary, in our web site and published at the admissions panel by the end of September.

APPLICATION DATES:

Santiago College will be receiving applications for the school year 2023, Kindergarten onwards, from August 2nd through August 15th, 2022.

APPLICATION REQUIREMENTS:

1) Parents/Guardians must fill in an online application form, which will be available at the schools web site www.scollege.cl, Admission, only during the application dates.

2) Additionally Parents/Guardians must submit the following credentials:

- Birth Certificate if applicant is Chilean. Copy of ID Card with RUT number or Copy of child's Passport if holds another nationality.
- Transcripts of the last three years of schooling (if applicable).
- First semester's Report Card if school calendar coincides
- Personality and Conduct Report issued by the school the applicant attends.

Information regarding the admission process, requirements and admission criteria is available at the School's web site: <https://www.scollege.cl/en/admission/> under Kindergarten onwards Admission. Applicants must comply with academic and language requirements. Due date and incomplete applications will not be considered.

3) Admission Process Fee: \$70.000

Opening an admission process will depend on the existence of vacancies. Therefore, receiving this application does not imply the participation of the child in an admission process. The admission process fee will be requested only if the child is called to participate in the process.

Accordingly with our admission policy, priority will be given to siblings of Santiago College students (PK-12th Grade). Within new families, with similar results, priority will be given to alumni and staff children. The balance in gender will be considered when assigning the spaces, approximately a 12% margin of difference between boys and girls will be admissible.

Admission processes for local applicants will be face-to-face or online (depending on the phase the health authorities establish we may be by that time) the modality will be informed by e-mail when calling the applicant to begin with the corresponding admission process. For applicants that live abroad, the admission process will be held online.

DELIVERY OF RESULTS: Tuesday November 15, 2022.

The results will be delivered by email and will be published at the admission's panel (outside the Administrative Building entrance).
